

## You are invited to participate in an Indiana Immunization Registry (CHIRP) User Survey

### Did you know:

- Immunization registries are essential for assessing how well **Indiana** is reaching goals of healthcare access, quality, and outcomes?
- Nearly 95 million people across the globe have electronically recorded their immunization status and records?
- President Barack Obama has stated that by 2014 all Americans should have electronic health records?
- The HHS Healthy People 2010 initiative seeks to have 95 percent of U. S. children under age 6 participating in some type of immunization registry system?
- **YOU** are an important stakeholder to the Indiana State Department of Health – Immunization Registry Program in Indiana?

**You** are invited to participate in the survey at the link below to provide your feedback on the current Indiana Immunization Registry Program (Children and Hoosier Immunization Registry Program - CHIRP). As a Registry Program User, it is important to us that you offer **your ideas** for what works well, what can be improved, and share lessons learned/best practices.

All you need to do is follow the link below to complete the survey:
